MEETINGS IN MAY

We had a well attended monthly business meeting on the 6thand met again on the 18th for our Annual Spring Meeting.....Lots of work filled the interim.....see *SHOW TIME*.

The report on the roof is still incomplete and we are waiting to receive a bid. Our hope is to apply for a grant to cover the cost of this vital repair work.

A bylaws committee was appointed. Gersh Camassar will chair a committee of five to create the changes and present them to the membership for review before the annual Meeting in September.

The proposal to reinstate "the portfolio" to the gallery was defeated. It is considered to be an unworthy distraction from the works on the wall.....and difficult to maintain with work properly matted and catalogued.

SHOW TIME

In preparation for our first show, a work crew of members and associates washed the skylights and buffed the floors. The TWO by TWO show was hung and catalogued and the galleries touched up with handsome bouquets by the Duck River Garden Club.

The guests invited by the membership have done their share to make it a good looking exhibition. All of the members should take the time to carefully review the work of these artists. We hope we will see them taking part in our juried shows. See *2by2 Guest List*.

Our reception on the 18th was well attended.....lots of new faces.....a good start to a new season!

June 8 and 9 - Audubon Invitational Wildlife Show
 *** June 15 - SPRING JURIED SHOW Reception
 June 21 - Charles Gruppe - Palette Knife Demo - 7PM

WORKSHOP PROGRAM

The Workshop program is well under way. On May 14th the first classes started in the Goodman Gallery. See the attached *Summer Workshop schedule*.

This year the program concludes at the end of July. Norm Legassie, Workshop coordinator, has plans to fill the remaining weeks during the Summer Juried show with an ARTISTS-AT-WORK program. From August 1st to the 18th, the back gallery will be open daily to members to set up a still life to paint orperhaps a model for portraiture.

Call Norm at 434-8436 or the desk at 434-7802 for information and make a date.

From the Gallery Galley comes the hot tale of a refrigerator not working.....it has been repaired a few times.....anyone have a replacement?

SPRING JURIED SHOW

Al Vetromile is heading the hanging committee for this one. You will note on your calendar, included with last months GALLERYNOTES, the receiving dates are June 10th - 4 to 7 PM..... and, for members only, June 11th - 9 to noon, to jury the entries of non-members received the previous day.

SMALL STUFF

The Cole (middle) Gallery will be reserved for hanging small works, if possible. This was the traditional method of setting up a show and, with the present economic climate, it makes good sense for members to be providing these small pieces..... with their more modest prices..... for our patrons to consider.
